DEPARTMENT OF FINANCE—CITY OF NEW YORK,
BUREAU OF MUNICIPAL INVESTIGATION AND STATISTICS, }
June 22, 1908. }

Hon. HERMAN A. METZ, Comptroller:

SIR.—In accordance with your instructions, I have under way the preparation of a statistical record of the real estate owned by The City of New York. In connection therewith I beg to submit herewith a list of property under the jurisdiction of the Fire Department of The City of New York as of January 1, 1908, located in the Boroughs of Manhattan, The Bronx, Brooklyn, Queens and Richmond. The parcels listed in the Borough of Manhattan number 93, in The Bronx 29, in the Borough of Richmond 17, in the Borough of Queens 21, and in Brooklyn 83, a total of 243.

The title of the City to each of these parcels and the facts relative to its acquisition have been carefully verified. Diagrams show the location of the parcels in the blocks in which they are situated, as well as the parcel dimensions. The name of the vendor or vendors is given in each instance; also the consideration or the cost to the City of the parcels, and if any one parcel has been acquired through more than one transaction that fact is also recorded.

Respectfully yours,

CHARLES S. HERVEY,
Supervising Statistician and Examiner.
